Please communicate with your consultant regularly for updates and your chances for this hugely popular incentive.

5. Legislation

Agency Worker Regulations (AWR)

Legislation came into force on 1 October 2011, giving agency workers the entitlement to the same basic employment and working conditions as if they had been recruited directly, if and when they complete a qualifying period of 12 weeks in the same job.

The AWR are principally focused on the "12-week Period" which primarily focus on basic pay and holiday pay and other basic working conditions (annual leave, rest breaks etc).

It is our preferred option to pay you through our PAYE system at OneCall24, but if you choose to operate under a limited company or through an umbrella company, then please note that we do not have any control over AWR in these cases.

Please note, AWR also does not apply to:

- a) Individuals who find direct employment with an employer through an “employment agency.”
- b) Individuals who find work through a temporary work agency but are in business on their own account (where they have a business to business relationship or are operating through an umbrella company with the hirer who is a client or customer).
- c) Workers who have been placed on a permanent basis. The regulations do not cover employment agencies who introduce workers to employers for direct or permanent employment. Once a worker is placed with an employer they have no further contractual relationship with the agency.

Full detailed guidance on this regulation can be found on (www.gov.uk) but your consultant or the compliance department within OneCall24 can provide you with the brief entitlements.

5.2 Working Time Regulations

5.2.1 A Working Week

The Working Time Regulations (WTR) for agency workers state that working time should not exceed 48 hours per week and should be averaged over a 17-week period. Working time does not include travelling time to and from work and shall include only the attendance period for each placement.

5.2.2 Annual Leave

You will start to accrue holiday entitlement as soon as your engagement with OneCall24 commences. You will accrue 2.3 days per month and you can request holiday at any time during your engagement. Our holiday year runs from 1st October - 30th September.

Holiday pay is available to all candidates, but it is mainly beneficial to the candidate that undertakes assignments for OneCall24 on a weekly basis.

5.2.3 Calculating Annual Leave

Annual leave is calculated as an average of your gross pay, taken over the 12-week period up until the dates of your annual leave. Annual leave cannot be requested on weekends unless weekend days are a normal working day. If annual leave has been requested and authorised, you cannot work on these days. Annual leave is a rest period and no work should be carried out during this time.

Annual leave must be taken within the company’s financial year, and does not roll over to the next. It is the responsibility of the worker to request their annual leave, OneCall24 does not send out reminders, nor will OneCall24 be held responsible for any loss of payments for unclaimed annual leave.

5.2.4 Claiming Annual Leave

Claiming Annual Leave with OneCall24 is quick and easy, and you can request it at any time. Simply contact our Payroll or your Consultant to obtain the holiday form

Email: payroll@onecall24.co.uk

Candidates must return the form two weeks’ notice via email. Any requests we receive will be acknowledged and you will be made aware once they have been approved or rejected. Ensure your return the form with a minimum of 2 weeks via email.

5.3 Disciplinary Procedure

The relationship between OneCall24 and its candidates is a contractual agreement between the agency and the worker and is classed as a “contract for services” which in effect, means the agency worker is working on a freelance basis and would be treated differently to that of a “permanent” full time employee of OneCall24.

Neither party are contractually obligated to work with one another and therefore it makes the “disciplinary procedure” a rather more complex one. However, in the event of a disciplinary procedure, each situation would be subjective and viewed as an individual case. All cases will be handled by either our complaints department or our HR department.

5.3.1 De-registration from OneCall24

OneCall24 reserves the right to have a candidate removed from our Register in the following circumstances:

- If a candidate has behaved in an unprofessional manner, OneCall24 reserves the right to remove you from all assignments and to not book any further assignments until the issue is resolved.
- In the event that the candidate’s professional body (NMC/GMC) alerts OneCall24 of any investigations, cautions, suspensions or lapses.
- If a candidate’s professional conduct or performance has become substandard to OneCall24’s expectations.

5.4 Agency Worker Grievance Policy

In the event that during your engagement with OneCall24 you feel that our service has been substandard or you have a grievance with a OneCall24 employee, we invite you to write to our HR department, where the grievance will be logged and handled. This can be done in the following ways:

Email: complaints@onecall24.co.uk

Post: HR Department, OneCall24, 239 Old Marylebone Road, London, NW1 5QT

5.5 Complaints

We have a dedicated department within OneCall24 who are trained in complaints handling. In the event of a complaint or an incident being raised against you, the complaints department will assist and support you throughout the process.

The complaints department is run by our clinical nurse manager, who will be involved with all clinical complaints. The objective of the complaints department is to assist, support and act as a professional liaison between the agency and the end client.

You will be expected to comply with our complaints policy and assist and respond with the complaints department until final resolution. We would ask that we receive a response within 48 hours of any correspondence. Failure to comply with this may result in your work with the agency being temporarily stopped.

Both OneCall24 and our clients are duty bound to follow up on complaints until they are deemed resolved, and you are paramount to this process being resolved quickly and effectively. We appreciate your assistance with this.

5.5.1 Complaints Raised Against You

In the event of a complaint or incident raised, you will be shown all relevant and necessary information, which will facilitate you being able to respond accordingly with a reflective statement. The complaints department will assist you with a template should you be struggling with this. All communication will be done via email, letter or telephone and you will be kept up-to date with the progress on any current/open cases.

Please note that in some cases, and depending on the severity and nature of the complaint, it may be that OneCall24 has to impose an exclusion on you for an individual client, or company-wide until the case has been resolved.

5.5.2 Raising a Complaint Against the Client

In the event that you wish to raise a complaint against one of our clients for an incident that occurred whilst on assignment at this organisation through OneCall24, contact our complaints department in the first instance.

You will be asked to raise your concerns formally on one of our incident report forms. These can be requested via our complaints department. We will then raise the complaint on your behalf and take the necessary steps to resolve the issues.

If at any stage you are unhappy with the outcome of any complaints, whether they be made against you or you raising them about one of our clients, please bring your concerns to one of our Directors:

- Matthew Betteridge
- David Crewe
- Rasul Chatoo

If you raise a concern we will ask the client to investigate. If you decline an assignment because of risks, we will endeavour to find you other work, whilst investigations are being conducted/ concluded.

5.5.3 Client Complaints Procedure

OneCall24 requires that you inform us promptly if a complaint has been made against you or your work is unsatisfactory. If a patient complains about you, you must report it straight away to your line manager. Document accurately the details of the matter including time of incident and then sign and date.

All complaints will be dealt with in a timely supportive way, however you may need to be suspended from working during this process. If it is found that there has been a breach in your Code of Conduct, this information may have to be passed on to the relevant body.

5.4 Agency Worker Grievance Policy

In the event that during your engagement with OneCall24 you feel that our service has been substandard or you have a grievance with a OneCall24 employee, we invite you to write to our HR Department, where the grievance will be logged and handled. This can be done in the following ways.

Email: complaints@onecall24.co.uk
