

Verification of Professional registration and qualification checks

Policy Number	22
Version	6
Policy Contact	Matthew Betteridge
Date Issued	1 st November 2017
Reviewed	06 th May 2026
Next Review Date	06 th May 2027
Approved by	OneCall24 Policy Team

As part of the recruitment and ongoing compliance process, agency workers are required to provide proof of current and ongoing valid membership with their professional body. OneCall24 retains full responsibility for verifying professional registration and qualifications and will not rely solely on third-party assurances. Primary source verification with the relevant professional regulatory body will be the principal method of confirmation.

Our obligations at One Call 24 Limited (OneCall24) require us to be able to confirm the following regarding our agency workers:

- establish professional standards of competence, ethics and conduct
- establish professional standards for training
- be updated with regards to the register kept by the Professional and Regulatory Body regarding those who do and do not meet the professional standards
- deal with registrants who fall short of the professional standards

Before a Temporary Worker is appointed and placed, we shall always check the following three areas:

- that the individual is registered to carry out the proposed role;
- whether the individual is subject to any current restrictions or Alert Notices on their registration that might affect the duties proposed;
- if the individual's fitness to practise is being/or has been investigated and the Professional Regulatory Body, the Supplier has a duty to disclose this information to the Participating Authority immediately.

During the registration process, applicants are asked to confirm whether they are, or have been under investigation by their professional body. If the answer, full details will be obtained at this time.

At point of recruitment, agency workers will be required to supply their original Certificate or a Statement of Entry. Only Original documentation will be accepted. These items will be scanned by OneCall24, signed and dated as original seen and retained within the worker’s file. OneCall24 will ensure that any information presented is cross referenced against other documentation supplied as part of the recruitment in orders to identify any potential discrepancies. Where these are highlighted, they will be raised with the candidate and the appropriate action taken. Where necessary, evidence of annual correspondence from the professional body will be obtained by OneCall24 and retained in the worker’s file.

As well as the original documentation supplied by the agency worker, OneCall24 will also conduct a PIN/Membership check (NMC, GMC, HCPC, SWE, any professional and regulatory bodies as applicable to Lot four etc) on the information supplied in order to further verify as to whether the worker has current/valid membership. Checks will be carried out at the point of registration, prior to any assignment start date and every 4 weeks thereafter. Evidence of all checks will be retained in the agency worker's file. Where information is present pertaining to the candidate professional and regulatory body, this is shared with the client for sign-off before the candidate can be deployed into the provision of the services.

Where information is returned on a web check, OneCall24 will ensure that full information is obtained from the agency worker prior to deployment, with the necessary steps taken in line with the restrictions which may be in place on a worker's PIN. OneCall24 will refer any concerns (where necessary) to the professional body to seek further advice and clarification before placing the candidate into any assignment.

During the initial recruitment, candidates will be notified of their obligation to update OneCall24 with any changes of the status of the professional registration. They will agree to these terms by signing the agency worker handbook.

If an ongoing web check highlights information on a worker's PIN, OneCall24 will initially contact the agency worker to discuss the findings. Based on the information presented to them, OneCall24 will undertake a documented risk assessment to determine whether to contact the client in order to notify them of any changes. The necessary processes will be followed which may include removing a candidate from their shift until such a time that an investigation is complete or their registration is updated satisfactorily.

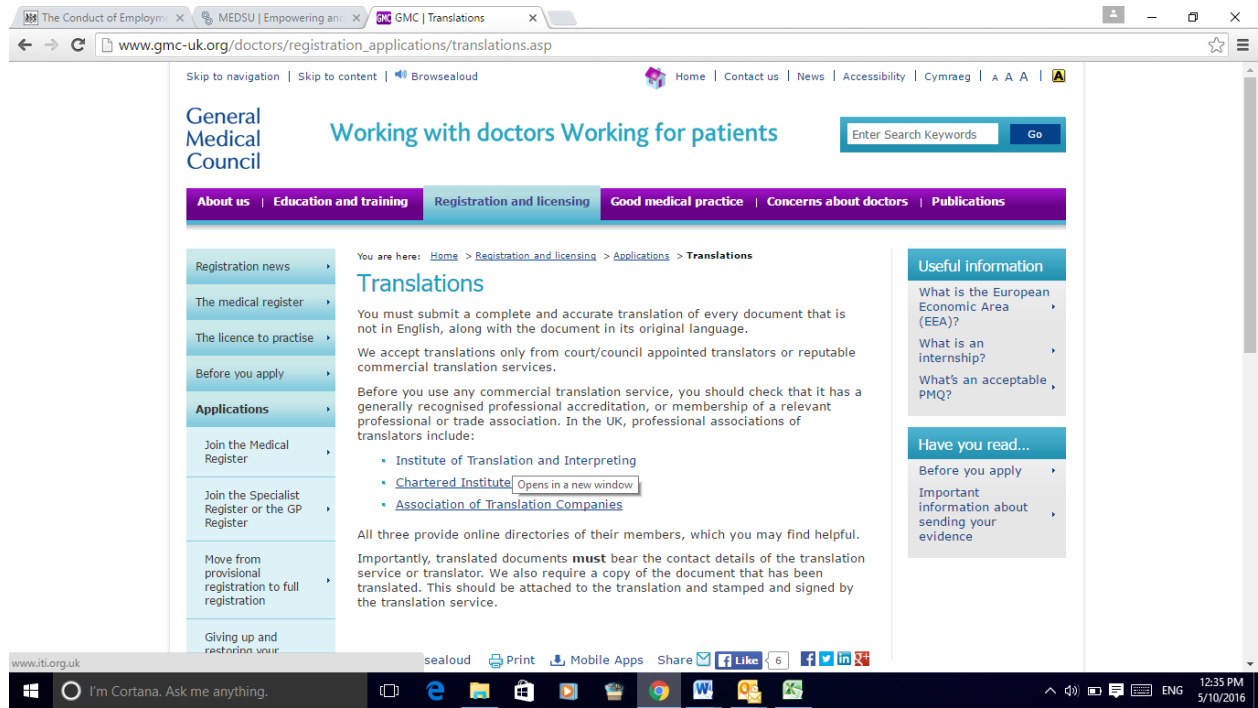

Where necessary and requested to, OneCall24 will assist with any ongoing investigations with the professional body and will expect the agency worker to do the same. Evidence of all checks and written communications will be retained on file.

As part of the registration process and prior to the deployment of the temporary worker into the authority, OneCall24 ensure that all relevant professional qualifications have been sufficiently verified.

The worker will be expected to detail on the agency Application Form the professional qualifications obtained. Evidence will then be sent from the temporary worker in the form of the Professional Qualification Certificate. The original item must be provided by the temporary worker, with OneCall24 further verifying this by signing and dating the copies taken of the original certificates as 'Original Seen'. This will include: the wording 'original seen'; date for which the original item was seen and scanned and legible signature of the person who saw the original item. The verified copies of the qualification certificates will be retained in the worker's file.

Should any professional qualification certificate be presented in another language other than English, OneCall24 will ensure that the certificate(s) are translated into the English language by suitable and professional company. Evidence of the original qualification certificate and the translation will be verified as original seen and retained in the worker's file.

Example of guidance for translation of documentation:

Where a different name or names are present on the supplied professional qualification certificate that do not match those supplied on ID and Right to Work documents, OneCall24 will look to establish a genuine link between the names to further confirm that the certificate(s) provided by the worker is genuinely theirs. Sufficient proof of name change will be sort in the form of either: marriage certificate; divorce certificate; change of name deed poll or any other legal document which can sufficiently prove a change in the worker’s name. Proof of name change documents must be original seen, with verified copies retained in the worker’s file.

OneCall24 will cross check all professional qualifications supplied next to the details presented within the application form and any other vetting correspondence.

In line with the framework guidance, OneCall24will ensure that agency workers have the necessary professional qualifications.

Where any concerns arise over the professional qualification or professional registration evidence supplied, OneCall24 will contact the educational body/relevant body to further confirm that the information supplied is true and correct.

Healthcare Professional Alert Notices (HPANs)

As part of its recruitment and compliance procedures, OneCall24 ensures that all registered healthcare professionals are subject to an HPAN check before engagement. This includes confirming their professional registration and submitting a formal HPAN check request to NHS Resolution at HPANCHECKS (nhsr.hpchecks@nhs.net). NHS Resolution will then respond via email with the outcome of the check.

If a candidate is found to be subject to an alert notice, OneCall24 will assess the nature of any restrictions and determine whether the individual can safely undertake the duties of the role before confirming their placement.

Doctor Search

The List of Registered Medical Practitioners lets you check the registration status of any doctor who is registered with us or who has been registered at any time since 20 October 2005.

You can also find information about doctors' fitness to practise history from the same date. This includes sanctions that were applied before 20 October 2005 but which were still active at that time. For example, it does show if a doctor was suspended from the register for six months from 18 October 2005.

It does not include sanctions from before 20 October 2005 that were not active at that time. For example, it would not show if a doctor was suspended from the register for six months between 1 January 2005 and 1 July 2005.

Please [contact us](#) if you need information from before this time period.

You can find more information on what is or is not available online in our [helptext](#).

If you need help searching for a particular doctor, read our [helptext about doctors' names, reference numbers and other search advice](#).

by surname Need assistance?

or registration number

How to check the Register

To check the Register you will need to know the profession of the person whose registration you wish to check. You will also need to know either their surname, or their registration number. A registration number has up to six numbers, and starts with two letters, for example PH123456.

To check someone's registration status using our 'Check the Register' facility above, you will need to:

- select their profession from the drop down menu;
- choose to search by either surname or registration number;
- enter their details; and
- click on the 'search' button

Search results

You will be shown how many results have been matched, with a default of ten registrants displayed per page. You can choose to display more registrants per page and you can use the first, last and page number buttons to navigate.

The search results will display:

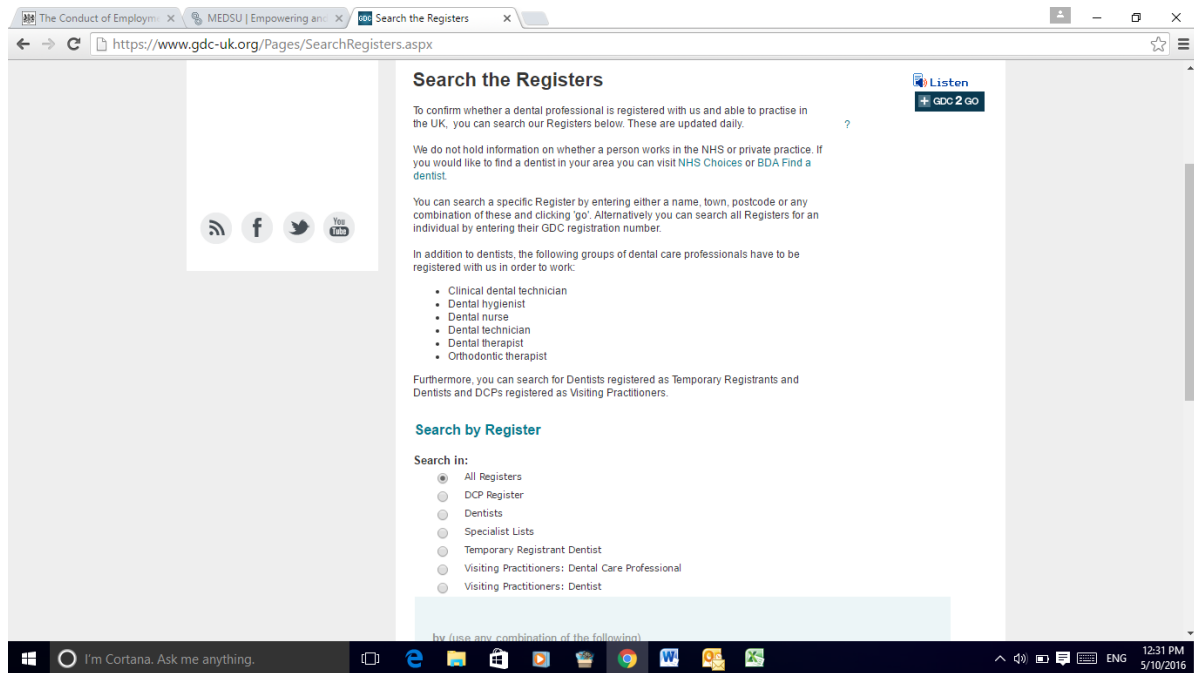

- their name;
- their registration status;
- their registration number; and
- the approximate geographical area in which they work.

Clicking on the name of an individual registrant will display further details about them. This includes their current registration period and any additional entitlements they have. If you search by registration number you'll jump straight to this view.

I'm Cortana. Ask me anything.

12:31 PM 5/10/2016

At all time, OneCall24 will comply with latest NHS Employment Check Standards (see <https://www.nhsemployers.org/publications/professional-registration-and-qualification-checks-standard>).

Review

This policy statement will be reviewed annually as part of our commitment to upholding professional standards. It may be altered from time to time in the light of legislative changes, operational procedures or other prevailing circumstances.
