As part of the recruitment and ongoing compliance process, agency workers are required to provide proof of current and ongoing valid membership with their professional body.

Our obligations at OneCall24 require us to be able to confirm the following regarding our agency workers:

- establish professional standards of competence, ethics and conduct
- establish professional standards for training
- be updated with regards to the register kept by the Professional and Regulatory Body regarding those who do and do not meet the professional standards
- deal with registrants who fall short of the professional standards

Before a Temporary Worker is appointed and placed, we shall always check the following three areas:

- that the individual is registered to carry out the proposed role;
- whether the individual is subject to any current restrictions or Alert Notices on their registration that might affect the duties proposed;
- if the individual's fitness to practise is being/or has been investigated and the Professional Regulatory Body, the Supplier has a duty to disclose this information to the Participating Authority immediately.

During the registration process, applicants are asked to confirm whether they are, or have been under investigation by their professional body. If the answer, full details will be obtained at this time.

At point of recruitment, agency workers will be required to supply their original Certificate or a Statement of Entry. Only Original documentation will be accepted. These items will be scanned by One Call 24, signed and dated as original seen and retained within the worker's file. One Call 24 will ensure that any information presented is cross referenced against other documentation supplied as part of the recruitment in orders to identify any potential discrepancies. Where these are

highlighted, they will be raised with the candidate and the appropriate action taken. Where necessary, evidence of annual correspondence from the professional body will be obtained by One Call 24 and retained in the worker's file.

As well as the original documentation supplied by the agency worker, One Call 24 will also conduct a PIN/Membership check (NMC, GMC, HCPC, SWE, any professional and regulatory bodies as applicable to Lot four etc) on the information supplied in order to further verify as to whether the worker has current/valid membership. Checks will be carried out at the point of registration; immediately prior to any assignment start date (24/48 hours) and every 4 weeks thereafter on workers in long-term assignments. Evidence of all checks will be retained in the agency worker's file. Where information is present pertaining to the candidate professional and regulatory body, this is shared with the client for sign-off before the candidate can be deployed into the provision of the services

Where information is returned on a web check – One Call 24 will ensure that full information is obtained from the agency worker prior to deployment, with the necessary steps taken in line with the restrictions which may be in place on a worker's PIN. One Call 24 will refer any concerns (where necessary) to the professional body to seek further advice and clarification before placing the candidate into any assignment.

During the initial recruitment, candidates will be notified of their obligation to update One Call 24 with any changes of the status of the professional registration. They will agree to these terms by signing the agency worker handbook.

If an ongoing web check highlights information on a worker's PIN – One Call 24 will initially contact the agency worker to discuss the findings. Based on the information presented to them, One Call 24 will take a stance on whether to contact the client in order to notify them of any changes. The necessary processes will be followed which may include removing a candidate from their shift until such a time that an investigation is complete of their registration is updates satisfactorily.

Where necessary and requested to, One Call 24 will assist with any ongoing investigations with the professional body and will expect the agency worker to do the same.

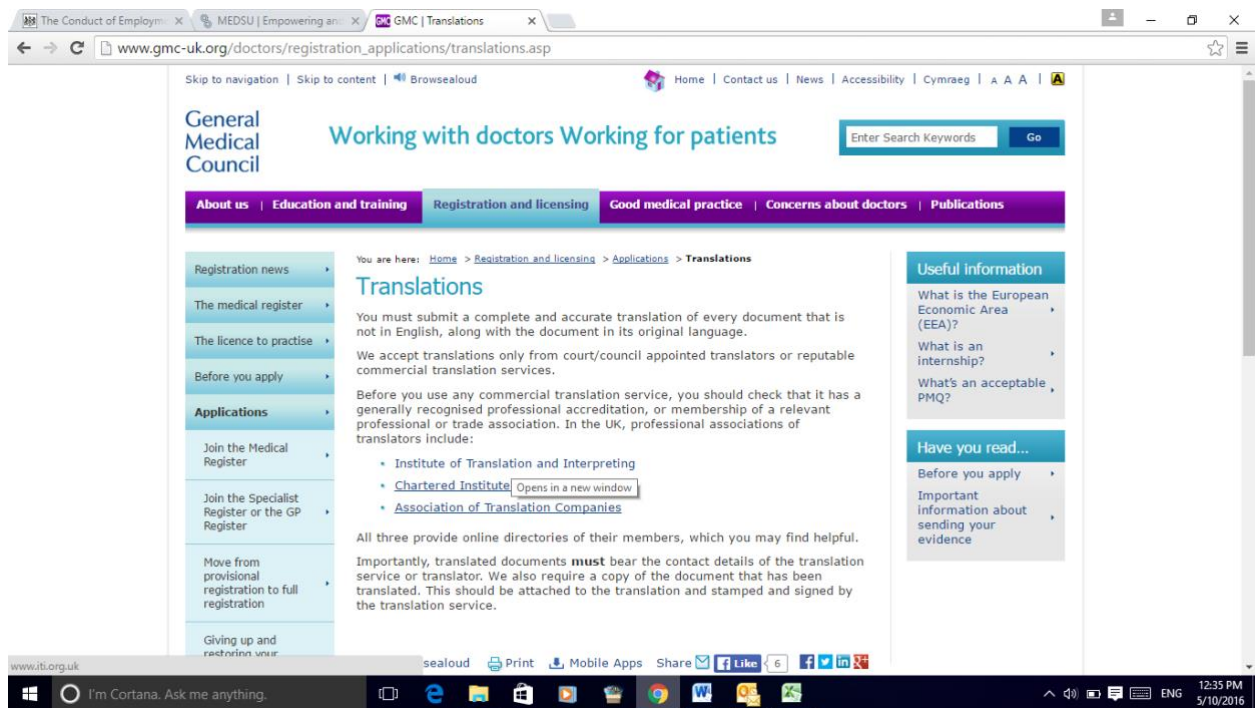

Evidence of all checks and written communications will be retained on file.

As part of the registration process and prior to the deployment of the temporary worker into the authority, One Call 24 will ensure that all relevant professional qualifications have been sufficiently verified.

The worker will be expected to detail on the agency Application Form the professional qualifications obtained. Evidence will then be sort from the temporary worker in the form of the Professional Qualification Certificate. The original item must be provided by the temporary worker, with One Call 24 further verifying this by signing and dating the copies taken of the original certificates as 'Original Seen'. This will include: the wording 'original seen'; date for which the original item was seen and scanned and legible signature of the person who saw the original item. The verified copies of the qualification certificates will be retained in the worker's file.

Should any professional qualification certificate be presented in another language other than English, One Call 24 will ensure that the certificate(s) are translated into the English language by suitable and professional company. Evidence of the original qualification certificate and the translation will be verified as original seen and retained in the worker's file.

Example of guidance for translation of documentation:

Where a different name or names are present on the supplied professional qualification certificate that do not match those supplied on ID and Right to Work documents , One Call 24 will look to establish a genuine link between the names to further confirm that the certificate(s) provided by the worker is genuinely theirs. Sufficient proof of name change will be sort in the form of either: marriage certificate; divorce certificate; change of name deed poll or any other legal document which can sufficiently prove a change in the worker's name. Proof of name change documents must be original seen, with verified copies retained in the worker's file.

One Call 24 will cross check all professional qualifications supplied next to the details presented within the application form and any other vetting correspondence.

In line with the framework guidance, One Call 24 will ensure that agency workers have the necessary professional qualifications.
