

Verification of statutory & mandatory and clinical/care core training checks

Policy Number	23
Version	4
Policy Contact	Matthew Betteridge
Date Issued	1 st November 2017
Amended	08 th June 2020
Next Review Date	08 th June 2021
Target Audience	Agency Workers
Approved by	OneCall24 Policy Team

One Call 24's aim is to ensure that all temporary staffed placed by them are sufficiently experienced, skilled and trained. In order to do this, proof of mandatory training is asked for and obtained as part of the initial recruitment process.

Evidence of training completed by the candidate is asked for within the Application Form and also required to be supplied as part of the Employment History/CV – full detailing what training has been completed and when.

Candidates will be asked to supply all original certificates of training completed in line with the job role and the job role they are applying for. At all times, One Call 24 comply with latest Skills for Health UK Core Skills Training Framework (see www.skillsforhealth.org.uk/services/item/146-core-skills-training-framework). Certificates will be checked against the information supplied within the CV and Application Form.

Only original certificates will be accepted. These will be scanned onto the system, signed and dated as original seen by One Call 24. One Call 24 will then proceed to contact the issuing bodies in order to establish:

- Course content
- Module levels completed
- Online or practical training
- Confirmation of issue/expiry dates
- Authenticity of the training certificates
- Alignment to the Skills for Health Framework

All verification received from a training provider in writing will be retained within the agency worker's personnel file. This information will be made readily available to auditors during the audit process.

Where any discrepancies arise, these will be escalated to the relevant bodies and may delay or stop the recruitment process. This includes:

- Framework
- Authority
- Participating Authority
- NHS Protect

Should there be any gaps identified within the candidate's training, skills and/or expertise, One Call 24 will look to offer and provide the necessary assistance to ensure that the candidate is fully

compliant to a standard that meets the customer's requirements. This can include setting up additional mandatory training for the candidate or refresher training depending on the need.

All candidates will be required to complete the following training modules:

Subject	Level	Once on recruitment and then followed by CSFT recommended proposed refresher period, although refresher training may be needed based upon local risk assessment
Equality, Diversity & Human Rights		Three (3) Years
Health, Safety & Welfare		Three (3) Years, although further job specific training may be needed based upon local risk assessment
NHS Conflict Resolution		Three (3) Years
Fire Safety (practical)		Two (2) Years
Infection Prevention & Control	Level one	Three (3) Years
	Level two	Annual
Moving and Handling	Level one	Annual
	Level two	Annual, although refresher training may be needed based upon local risk assessment
Safeguarding Adults	Level one	Three (3) Years
	Level two	Three (3) Years
Safeguarding Children	Level one	Three (3) Years
	Level two	Three (3) Years
	Level three	Three (3) Years
Resuscitation (Practical)	Level one	Once on recruitment
	Level two	Annual
	Level three	Annual
Information Governance		Annual
Preventing Radicalisation	Basic Prevent Awareness	Three (3) Years
	Awareness of Prevent	Three (3) Years
Counter Fraud		Annual

In addition to this, as required by the normal duties expected to be performed by the Temporary Agency Worker on the Assignment

Subject	Level	Once on recruitment and then followed by CSFT recommended proposed refresher period, although refresher training may be needed based upon local risk assessment
Your healthcare career		Once on recruitment
Duty of care		Once on recruitment
Person-centred care		Once on recruitment
Communication		Once on recruitment
Consent		Once on recruitment
Privacy and dignity		Once on recruitment
Fluids and nutrition		Once on recruitment
Dementia Awareness		Once on recruitment
Blood component transfusion	Decision to Transfuse	Three (3) Years
	Administration of blood components	Three (3) Years
	Blood Sampling	Three (3) Years
	Collection of blood components from storage and delivery to the clinical area	Three (3) Years

Training will also be offered as required by the normal duties expected to be performed by the Temporary Agency Worker on the Assignment:

Subject	Once on recruitment and then followed by Participating Authority recommended proposed refresher period, although refresher training may be needed based upon local risk assessment
Complaints	Annual
Lone worker training	Annual
Food hygiene & hygiene awareness	Annual
Mental Health Act	Annual
Mental Capacity Act	Annual
Physical restraint skills and techniques, including personal safety and control & restraint (PMVA / MAPA / Breakaway etc)	Annual
Interpretation of cardiographs	Annual

Any additional statutory & mandatory or clinical/care or other training that the Participating Authority considers necessary and [or] as required by the relevant Professional Body relevant to the role required to be performed and identified in the individual Order and the Call-off Contract from time to time.

Annual

Verification

Guidance as to what levels of training our agency workers require is found utilising the Skills for Health subject guide (currently v1.7).

When in receipt of a training certificate, One Call 24 Recruitment will be tasked to confirm that the training is aligned to the Core Skills Training Framework (CSTF). This can be done user a number of methods, including the below:

- CSTF Declaration of Alignment – fully completed by the training provider (template below)

This is to confirm that we have reviewed and completed the required activities to assess our organisation's alignment with the Skills for Health Core Skills Training Framework (CSTF). Based upon our review we can confirm that our organisation is aligned with the CSTF as indicated in this Declaration of Alignment.

CSTF Declaration of Alignment

(Declaration Water-Mark in blue header)

Please click on the call before to select a date

This is to confirm that we have reviewed and completed the required activities to assess our organisation's alignment with the Skills for Health Core Skills Training Framework (CSTF). Based upon our review we can confirm that our organisation is aligned with the CSTF as indicated in this Declaration of Alignment.

Mapping of Learning Outcomes:

We have completed the mapping of our training against the CSTF using the mapping tool supplied and ensure that the mapping is completed in the following table and aligned to the appropriate learning outcomes. The mapping has been approved by an accountable person within the organisation responsible for training and development.

Mapping Competences and Outcomes:

We have amended our reporting system to ensure recording of learner achievement is based upon CSTF minimum Training Competences and the Subject Codes.

The use of CSTF mapping competences and/or subject codes to ensure that training aligns to the CSTF can be supported at work by other organisations. Further guidance on mapping competences and subject codes is available from the CSTF website.

We are using the BEE Electronic Staff Record and Online Learning Management System using the agreed national CSTF Competences (and applicable to 2017 Study 1).

Declaration of Frameworks to be used for training:

We have approved the use of the CSTF for induction training or other relevant contexts and this is reflected in any relevant policies and procedures.

- **Verified Training Providers**

Training providers and staff agencies are included in this Directory when their Statutory/Mandatory course content has been **verified by Skills for Health** as aligning to the CSTF.

The Statutory/Mandatory CSTF is also available for any other organisation to access and some may choose to complete a self-assessment of alignment to the Statutory/Mandatory CSTF by completing the CSTF mapping tool. When such organisations have identified that their training aligns with the CSTF then they may describe their training provision as 'aligned to the CSTF' – as required by various staff agency procurement frameworks. However, organisations which have only completed their own self-assessment or mapping are not permitted to state or imply any assurance or endorsement from Skills for Health and are not included on this directory.

The above confirmation can be further supported with the CSTF Mapping Tool – fully completed by the training provider.

Unless the above forms of proof are obtained/checked – then the training records obtained cannot be utilised for the candidate who is providing them. Additional training will therefore need to be completed by the agency worker – via a training provider who is able to sufficiently confirm their alignment to the Core Skills Training Framework. Confirmation of training will be provided to the client as part of the booking/assignment confirmation. All training certificates will be retained on file, signed and dated as original seen.

Scheduling Training

Our Compliance Manager is responsible for scheduling training and ensuring that all healthcare professionals have completed the requisite training prior to assignment. They are also responsible for notifying workers on assignment about when refresher training is due and ensuring that it has been completed within the timescale deadline. It is mandatory to input training dates to our system and it is not possible to assign or pay a healthcare professional who does not have up to date training in place. The system provides the recruitment team and the compliance team with a notification 2 months in advance of training expiry, enabling us to make the worker aware of the deadline and schedule the modules accordingly. Healthcare Professionals working through One Call 24 Recruitment will be made aware that failure to complete the training by the deadline will mean that they will be suspended from their assignment until the training has been completed.

Audits

We will meet the requirements of the NHS' pre-employment and safer recruitment checks by the using robust safeguarding and compliance procedures underpinned by our recruitment software. This guarantees the screening of each candidate to the specification and prevents mandatory parts of the process from being missed out or circumnavigated. No worker is able to begin an assignment with One Call 24 Recruitment before all compliance actions are completed in line with the specification, current policy and legislation.

We conduct regular internal audits of all our compliance processes, and these are carried out by our Compliance Manager on a regular basis to demonstrate that we adhere to legislative, contractual and industry best practice. We are also subject to external audits. We also welcome client audits.
