- At this stage, if not satisfied, the complainant will be directed towards other bodies such as the REC or the relevant professional body (NMC, HCPC, GMC etc)
- Where patient safety is questioned, appropriate action will be taken in order to reduce risk. This may include removing temporary workers from assignment until such time as a complaint has been resolved.
- Where necessary, any complaints and its findings will be escalated to the relevant professional & regulatory body.
- Complaints are resolved within 10 business days; however, if this is not possible, all relevant parties will be kept informed, with an audit trail documented on the recruiter system.

Should a complaint be escalated, One Call 24 will ensure that the details of how the complaint has been resolved should be notified to the Authority in writing as soon as possible thereafter.

Furthermore, we will upon request at any time from the Authority provide the Authority with an update as to the progress of the resolution of the complaint.

Where One Call 24 receive poor reports of a Temporary Worker's performance in a Confidential Reference written to us by, or on behalf of, the Authority, shall not supply that Temporary Worker to the Authority, until the Authority is satisfied that the issues identified have been resolved, will not recur and has confirmed this in writing to us.

Full records are retained on file of any and all complaints received. This is crucial as part of our ongoing commitment to continuous improvement, as well as part of our Quality Assurance Policy.

One Call 24 provide a copy of our complaints procedure to each Temporary Worker at recruitment. Each Temporary Worker signs and dates a declaration confirming receipt of such procedure and this declaration is retained in a way that cannot be altered, with the personnel records for that Temporary Worker.

Review

This policy statement will be reviewed annually as part of our commitment to upholding professional standards. It may be altered from time to time in the light of legislative changes, operational procedures or other prevailing circumstances.
